The aim of the competition is to achieve the highest points scored by finding as many control markers as possible within a fixed period of time. The markers will be situated within roughly 6 miles radius of the Start/Finish. Each marker will be found close to a track or lane, and comprise of a brightly coloured marker with 'coded' card punching clippers attached.

Each Turnout Requirements

- ii. A 'Competitors Card' given to you on day which will have spaces for punching at each control(clipper) that you visit.

- iv. Competitors require Stop Watch, Clip Board and Plastic Wallet to keep paperwork dry.

Scoring.

- i. Some of the markers will be worth double points i.e. 10 points instead of 5.
- ii. Only the organisers will know where these markers are situated.
- iii. It is unlikely that any team will be able to find all the controls within the allocated time. time penalties will be given i.e. 1 point taken away for each minute over the allocated time.
- iv. Markers can be visited in any order but will only count once. Do not be tempted to clip you card twice.
